

Memo To: Class II Game Classification Advisory Committee Members
From: Phil Hogen, Chairman
Date: February 25, 2005
Re: Upcoming Advisory Committee Meeting

I send you this note to give you a heads-up that our meeting in Washington, D.C., next week may turn out to be somewhat abbreviated. This is not because we don't have important work to do, but because next week is also the week for the National Congress of American Indians Executive Council Winter Session, and the Commission has been overwhelmed with request for meetings with leaders from individual tribes. Further, as you might expect, many who have chosen to send comments waited until the deadline to send those to us, so we need to spend time reviewing that material.

Thus, we will try and make the best use of our time while you are with us in DC, but we may be compressing our agenda, which may permit you some flexibility while in the Capital. I hope you will appreciate the time challenges we are facing.

Thank you.
